(1) Bids invited on the basis of functionality as a criterion must be evaluated in two stages – first functionality must be assessed and then in accordance with the 80/20 or 90/10 preference point systems prescribed in Preferential Procurement Regulations 5 and 6. The evaluation must be done as follows:

63.1.1 First stage – Evaluation of functionality

- (1) Bids must be evaluated in terms of the evaluation criteria embodied in the bid documents. The amendment of evaluation criteria, weights, applicable the minimum qualifying score for functionality after the closure of bids is not allowed as this may jeopardize the fairness of the process.
- (2) A bid will be considered further if it achieves the prescribed minimum qualifying score for functionality.
- (3) Bids that fail to achieve the minimum qualifying score for functionality must be disqualified.
- (4) Score sheets should be prepared and provided to panel members to evaluate the bids.
- (5) The score sheet should contain all the criteria and the weight for each criterion to be applied for evaluation as indicated in the bid documents.
- (6) Each panel member should, after thorough evaluation, independently award his/her own value to each individual criterion.

- (7) Score sheets should be signed by panel members and if necessary, written motivation may be requested from panel members where vast discrepancies in the values awarded for each criterion, exist.
- (8) If the minimum qualifying score for functionality is indicated as a percentage in the bid documents, the percentage scored for functionality may be calculated as follows:-
- (a) the value awarded for each criterion should be multiplied by the weight for the relevant criterion to obtain the score for the various criteria;
 - (b) the scores for each criterion should be added to obtain the total score; and the following formula should be used to convert the total score to percentage for functionality:-

$$Ps = So/Ms \times 100$$

Where:

Ps = Percentage scored for functionality by bid under consideration

So = Total score of bid under consideration

Ms = Maximum possible score

The percentage of each panel member should be added and divided by the number of panel members to establish the average percentage obtained by each bidder for functionality.

63.1.2 Second stage – Evaluation in terms of the 80/20 or 90/10 preference point systems

- (1) The 80/20 preference point system is applicable to bids with a Rand value equal to, or above R30 000 and up to a Rand value of R50 million (all applicable taxes included). Institutions may apply the 80/20 preference point system to price quotations with a value less than R30 000 if and when appropriate.
- (2) The 90/10 preference point system is applicable to bids with a Rand value above R50 million (all applicable taxes included).
- (3) The PPPFA prescribes that the lowest acceptable bid will score 80 or 90 points for price. Bidders that quoted higher prices will score lower points for price on a pro-rata basis.
- (4) The formulae to be utilised in calculating points scored for price are as follows:
 - (a) 80/20 preference point system [(for acquisition of services, works or goods up to a Rand value of R1 million) (all applicable taxes included)]:-

$$Ps = 80 \times (1 - ([Pt - Pmin]/Pmin))$$

Where:

Ps = Points scored for comparative price of bid or offer under consideration

Pt = Comparative price of bid or offer under consideration

Pmin = Comparative price of lowest acceptable bid or offer

- (b) 90/10 preference point system [(for acquisition of services, works or goods with a Rand value above R1 million) (all applicable taxes included)]:-

$$Ps = 90 \times (1 - ([Pt - Pmin]/Pmin))$$

Where:

Ps = Points scored for comparative price of bid or offer under consideration

Pt = Comparative price of bid or offer under consideration

Pmin = Comparative price of lowest acceptable bid or offer

Points scored must be rounded off to the nearest 2 decimal places.

63.1.3 Calculation of points for B-BBEE status level of contributor

Points must be awarded to a bidder for attaining the B-BBEE status level of contribution in accordance with the table below:

B-BBEE Status Level of Contributor	Number of points (90/10 system)	Number of points (80/20 system)
1	10	20
2	9	18
3	8	16
4	5	12
5	4	8
6	3	6
7	2	4
8	1	2
Non-compliant contributor	0	0

A bid must not be disqualified from the bidding process if the bidder does not submit a certificate or Affidavit substantiating the B-BBEE status level of contribution or is a non-compliant contributor. Such a bidder will score zero (0) out of a maximum of 10 or 20 points respectively for B-BBEE.

63.1.4 Calculation of total points scored for price and B-BBEE status level of contribution

The points scored for price must be added to the points scored for B-BBEE status level of contribution to obtain the bidder's total points scored out of 100.

63.2 Evaluation of bids that scored equal points

- (1) In the event that two or more bids have scored equal total points, the successful bid must be the one that scored the highest points for B-BBEE.
- (2) If two or more bids have equal points, including equal preference points for B-BBEE, the successful bid must be the one scoring the highest score for functionality, if functionality is part of the evaluation process.
- (3) In the event that two or more bids are equal in all respects, the award must be decided by the drawing of lots.

64. Local production and content

64.1 Designated sectors

- (1) Bids in respect of services, works or goods that have been designated for local production and content, must contain a specific bidding condition that only locally produced goods,

services or works or locally manufactured goods with a stipulated minimum threshold for local production and content will be considered.

- (2) The accounting officer must stipulate in bid invitations that the exchange rate to be used for the calculation of local content (local content and local production are used interchangeably) must be the exchange rate published by the SARB at 12:00 on the date, one week (7 calendar days) prior to the closing date of the bid.
- (3) Only the South African Bureau of Standards (SABS) approved technical specification number SATS 1286:201x must be used to calculate local content. The following formula to calculate local content must be disclosed in the bid documentation:
 - (a) The local content (LC) as a percentage of the bid price must be calculated in accordance with the SABS approved technical specification number SATS 1286: 201x as follows:-

$$LC = 1 - [x/y] \times 100$$

Where:

X = Imported content

Y = Bid price excluding value added tax (VAT)

Prices referred to in the determination of x must be converted to Rand (ZAR) by using the exchange rate published by the SARB at 12:00 on the date, one week (7 calendar days) prior to the closing date of the bid.

64.2 Non-designated sectors

- (1) Where there is no designated sector, the accounting officer may decide to include a specific bidding condition that only locally produced goods, services or works or locally

manufactured goods with a stipulated minimum threshold for local production and content, will be considered, on condition that such prescript and threshold(s) are in accordance with the specific directives issued for this purpose by the National Treasury in consultation with the Department of Trade and Industry.

- (2) The accounting officer must stipulate in bid invitations that the exchange rate to be used for the calculation of local content must be the exchange rate published by the SARB at 12:00 on the date, one week (7 calendar days) prior to the date of closure of the bid.
- (3) Only the South African Bureau of Standards approved technical specification number SATS 1286:201x as indicated in section 67(3) above must be used to calculate local content.

65. Cancellation and re-invitation of bids

- (1) In the application of the 80/20 preference point system, if all bids received exceed R50 000 000, the bid must be cancelled. If one or more of the acceptable bid(s) received are within the R50 000 000 threshold, all bids received must be evaluated on the 80/20 preference point system.
- (2) In the application of the 90/10 preference point system, if all bids received are equal to or below R50 000 000, the bid must be cancelled. If one or more of the acceptable bid(s) received are above the R50 000 000 threshold, all bids received must be evaluated on the 90/10 preference point system.
- (3) If a bid was cancelled the correct preference point system must be stipulated in the bid documents of the re-invited bid.
- (4) An accounting officer may, prior to the award of a bid, cancel the bid if:-

- (a) due to changed circumstances, there is no longer a need for the services, works or goods requested. The accounting officer must ensure that only goods, services or works that are required to fulfil the needs of the institution are procured]; or
- (b) funds are no longer available to cover the total envisaged expenditure. The accounting officer must ensure that the budgetary provisions exist; or
- (c) no acceptable bids are received. [If all bids received are rejected, the institution must review the reasons justifying the rejection and consider making revisions to the specific conditions of contract, design and specifications, scope of the contract, or a combination of these, before inviting new bids].

66. Award of contracts

A contract must be awarded to the bidder who scored the highest total number of points in terms of the preference point systems.

In exceptional circumstances a contract may, on reasonable and justifiable grounds, be awarded to a bidder that did not score the highest number of points. The reasons for such a decision must be approved and recorded for audit purposes and must be defensible in a court of law.

67. Broad-Based Black Economic Empowerment (B-BBEE) status level certificates

- (1) Bidders are required to submit original and valid B-BBEE which is approved by SANNAS OR Sworn Affidavit with original stamp status level verification certificates or certified copies thereof together with their bids, to substantiate their B-BBEE rating claims.
- (2) Bidders who do not submit B-BBEE status level verification certificates or are non-compliant contributors to B-BBEE do not qualify for preference points for B-BBEE but should not be

disqualified from the bidding process. They will score points out of 90 or 80 for price only and zero (0) points out of 10 or 20 for B-BBEE.

- (3) A trust, consortium or joint venture must submit a consolidated B-BBEE status level verification certificate for every separate bid.
- (4) Public entities and tertiary institutions must also submit B-BBEE status level verification certificates together with their bids.
- (5) If an institution is already in possession of a valid and original or certified copy of a bidder's B-BBEE status level verification certificate that was obtained for the purpose of establishing the database of possible suppliers for price quotations or that was submitted together with another bid, it is not necessary to obtain a new B-BBEE status level verification certificate each time a bid is submitted from the specific bidder:-
 - (a) such a certificate may be used to substantiate B-BBEE rating claims provided that the closing date of the bid falls within the expiry date of the certificate that is in the institution's possession;
 - (b) each time this provision is applied, cross-reference must be made to the B-BBEE status level verification certificate already in possession for audit purposes.
- (6) The accounting officer must ensure that the B-BBEE status level verification certificates submitted are issued by the following agencies:-

68. Verification certificates in respect of Exempted Micro Enterprises (EMEs)

- (1) In terms of the generic codes of good practice, an enterprise including a sole propriety with annual total revenue of R10 million or less qualifies as an EME.
- (2) In instances where sector charters are developed to address the transformation challenges of specific sectors or industries, the threshold for qualification as an EME may be different from the generic threshold of R10 million. The relevant sector charter thresholds will therefore be used as a basis for a potential bidder to qualify as an EME. For example the approved thresholds for EMEs for the Tourism and Construction Sector Charters are R2.5 million and R1.5 million respectively.
- (3) EMEs are deemed to have a B-BBEE status of "level four (4) contributor". In instances where EMEs are more than 50% owned by black people, such EMEs qualify as "B-BBEE status level three (3) contributors".
- (4) Sufficient evidence to confirm a qualifying EME is a certificate issued by an accounting officer (as contemplated in the CCA), a similar certificate issued by a registered auditor or a verification agency.

(5) When confirming the validity of a certificate in respect of an EME, the following should be detailed on the face of the certificate:-
